

# GREENSTAB

## Technical information

<b>DIMENSIONS</b>	92 x 245 x 1064 - 1804 mm
<b>MINIMUM LENGTH</b>	1064 mm
<b>MAXIMUM LENGTH</b>	1804 mm
<b>BODY MATERIALS</b>	Aluminum alloy
<b>HEAD AND FOOT MATERIALS</b>	Steel
<b>MAXIMUM LOAD</b>	2 tons
<b>WEIGHT OF THE STRUT</b>	7 kg
<b>WEIGHT OF THE KIT</b>	19 kg

## Characteristics

- Non-slip support adheres to all surfaces. Additional plate for soft floors.
- To push back the boundaries, a 5m strap with an additional 5m extension + a 20cm strap to link two struts together.
- Thermal protection sheath on the strap.
- Innovative 3-in-1 head designed to adapt to all supports.
- Automatic adjustment system protected by a fibreglass shell.
- Unique 18-positions deployment system, every 43mm.
- A never-before-seen innovation: quick and easy folding at the touch of a button.
- Quick installation with built-in level to check the angle at 30°.
- Robust thanks to its authorised load capacity of over 2 tonnes.
- Sturdy carry bag made in France.

## Accessories

- 5m strap extension
- Anchor plate for the foot
- 20cm Connector
