

Fire Skimmer 3,5 hp

Image encodée en base64
Image not found or type unknown

Technical Information

Minimum depth of water to operate: 10 cm

Can dry run: yes

Detachable floater: yes

Engine: Briggs & Stratton 3,5hp 4 stroke

Full tank capacity: 0.85 liter

Running time without refuelling: 40 minutes

Discharge outlet: 2,5" BSP (coupling on demand)

Weight: 27 kg

Maximum flow: 600 l/mn

Maximum height of discharge: 12,0 m

Maximum height in skimming: 2,5 m

Width of the water intake between the baffles: 110 cm

Advantages

- Ergonomic carrying handle
- Discharge outlet 2.5"
- Trap at the bottom of the weir converts the skimmer immediately into a floating transfer pump
- Easily stowable thanks to the removable and detachable float
- Starting phase which does not require water and can therefore start dry
- Robust and low-maintenance pump
- Hatch underneath, it provides a water supplement to the motor pump, allowing for rinsing or standard water draw.
- Self-adjusting weir whatever the flow rate of the pump
