### Advantages

- **PRECISE:** a telescopic sight light (optical 50) with zoom (X3 to X12). Guarantee an accuracy of 0,20''.
- **COMPACT:** only one device including the rangefinder, batteries, alarms, electronic sand control panel.
- **ENERGY EFFICIENT:** autonomy tripled with new lithium batteries for 23 hours non-stop operation. Built-in rechargeable battery for 8 hours.
- **ERGONOMIC:** double powerful visual alarm (2x1000 lumens), in addition to the audible alarm (2 x 110 Db). The Scorp'Eye is wireless, which makes it easy to use and transport.
- **ROBUST:** reinforced impact protection, Manfrotto tripod and waterproof case (lifetime warranty).
- **EASY TO USE:** the laser rangefinder Scorp'Eye is operational in seconds only. Nocable to connect.
- **ADAPTABLE:** Scorp'Eye can be set up with its tripod, up to 30 m from the target. The rifle scope allows the beam to be positioned precisely, even in broad daylight
